**Step 1: *Why your banker doesn't ask you for your report card.***

This session focuses on the **financial statement** which is considered to be your report card when you leave school. Participants will learn the income statement, balance sheet and how it all relates to each other.

**Step 2: *Why hard work....doesn't work.***

This session shows the **four types of people** in the business world today: employees, self-employed, business owners and investors; and what characteristics define each of them.

**Step 3: *Is your home an asset?***

This session encourages a healthy debate on the definition of an **asset** and its difference from a liability.

**Step 4: *Are you playing to Win?***

“Business and Investing is a team sport”- Robert Kiyosaki.

This session focuses on the **team** and what it takes to hold them together, especially under pressure.

**Step 5: *Why savers are losers***

Not many people understand what **inflation** is, this session focuses the discussion on why a higher financial IQ is important, especially in these times of high inflation.

**Step 6: *Good Debt vs Bad Debt***

People take **loans** for various reasons, in this session we discuss taking on debt for liabilities, assets, and the difference between the two.

**Step 7: *Why it doesn't take money to make money***

True entrepreneurs and investors **raise capital** for their investments; we'll show the basics in this session.

**Step 8: *Why Investing isn't risky***

What makes investing risky is not having the proper **financial education** necessary to make the right investment decisions.

**Step 9: *Focus vs Diversity***

This session sparks a heated debate between those that believe in diversification and those that focus. The world's top investors, including Warren Buffet (**fundamental investing**) believe in focus.

**Step 10: *It's time to focus on you!!***

This session focuses on you, the entrepreneur or investor. We discuss **personal development** and what is required to make it in the world of business and investing.
